

*2nd Annual Conference*

# Cancer Prevention and Healing

**March 29, 2009 10am - 5pm**

**Spend a day – leave empowered.  
Learn what more you can do to be well.**

*5 New Speakers*

## **Nutrition**

An opportunity for prevention and intervention using the benefits of real food with clinical nutritionist Lisa-Marie Bhattacharya (Whitaker) R.H.N.

## **Cancer Cell Science**

Michael Wakeman, B.Sc, M.Sc, will discuss exciting developments around the enzyme systems in cancer cells and how we can harness these discoveries to our advantage.

## **Emotional/Physical Connection**

Caroline Markolin, PhD, will share the German New Medicine theories of how emotional distress can lead to illness.

## **Home and Environmental Factors**

Reduce chemical toxin exposure to reduce cancer risk and make your home a healthy and eco-friendly one with Julie Hardy, founder of JMH Home Environmental Solutions.

## **Integrative Oncology**

The latest in naturopathic evidence-based strategies with Dr. Gurdev Parmar, ND, the first naturopathic physician to receive a Fellowship with the American Board of Naturopathic Oncology in Canada.
